

NATIONAL ARTS COUNCIL  
SINGAPORE

Patron-in-Chief: Mr S R Nathan  
His Excellency  
The President of the Republic of Singapore  
Chairman: Mr Edmund W Cheng

To Whom it May Concern,

Mr. Sun Yu-li is a renowned and well respected sculptor in Singapore and the region and the National Arts Council was pleased to have supported "Arts on the Move" (2006) which enabled many more Singaporeans to interact with his work through a touring exhibition of his sculptures within Singapore. For over a period of 5 months, Mr. Sun's works were exhibited in numerous areas throughout Singapore, targeting different audience demographics to achieve high and effective outreach. Singapore's tourist spots, business & shopping districts were all included (*please see web-link for the details of the project*

The National Arts Council has heard from the organiser that Mr. Sun is proposing to bring "Arts on the Move" to China for 2007/2008 and we are happy to provide endorsement of this project.

We are told that CWTC Beijing and Shangri-la Pudong are being approached by Mr. Sun and thinking of being venue sponsors.

We hope that you will be able to extend Mr Sun with assistance for his worthwhile project.

Thank you.

Yours sincerely,

Philip Francis
